Program Description

1-on-1 BearPaw Tutors DC provides free individualized mathematics help to your child from their own private tutor. Our highly motivated, enthusiastic and qualified tutors are college/university students at Georgetown, G.W., Howard or American, who in addition to tutoring can also mentor your child. We believe the main strengths of our program are our 1:1 student/tutor ratio, enthusiastic tutors from elite universities and our focus on mathematics, an important skill in the 21st century workforce.

Our individually tailored program lasts 40 hours, with each session lasting approximately 90-minutes which can be scheduled after school or on weekends - whatever works best with your family's schedule. For more information or to enroll your child, give us a call at (202) 239-6990, visit our website at www.eoseek.com or email us at contact@eoseek.com, and be sure to select 1-on-1 BearPaw Tutors DC as your first choice on the SES Enrollment form. Please let us know as soon as possible if you're interested in getting your child their own private "BearPaw" tutor – there are only a limited number of spots available due to staffing and funding limitations. BearPaw Tutors was founded by Brown University graduate Matthew Lent in March 2006.
